

**CARL ZIMMER**  
Author & Journalist  
Web: [carlzimmer.com](http://carlzimmer.com)

## **BIOGRAPHY**

Zimmer is an award-winning columnist for the *New York Times* and the author of fifteen books about science. *New York* has called him “the country’s most respected science journalist.”

Zimmer began writing about science at *Discover*, where he served for five years as a senior editor. He went on to write hundreds of features for magazines including *The Atlantic*, *National Geographic*, *The New York Times Magazine*, *Time*, *Wired*, and *Scientific American*.

His journalism has earned numerous awards. Zimmer is a two-time winner of the National Academies of Sciences, Engineering, and Medicine Communication Award and a three-time winner of the American Association for the Advancement of Sciences Science Journalism Award. Zimmer has won the Distinguished Service Award from the National Association of Biology Teachers and the Stephen Jay Gould Prize, awarded by the Society for the Study of Evolution. During the Covid-19 pandemic, he contributed to the coverage that won the *New York Times* a Pulitzer Prize in 2021.

Three of Zimmer’s books have been named a Notable Book of the Year by *The New York Times Book Review*. One of them, *She Has Her Mother’s Laugh*, was also the best science book of year by *The Guardian*. It earned a National Academies Communication Award and the National Association of Science Writers Science in Society Award and was on the short-list for the Baillie-Gifford Prize for Nonfiction. *She Has Her Mother’s Laugh* and his 2021 book *Life’s Edge* were both finalists for the PEN/E.O. Wilson Literary Science Writing Prize. *A Planet of Viruses* was named Poland’s 2021 Smart Book of the Year.

At Yale University, Zimmer is Professor Adjunct in the Department of Biophysics and Biochemistry, where he teaches science writing and lectures on biology.

## **EXPERIENCE**

Science writer

February 1999-present

Author of fifteen books about science. *New York Times* columnist since 2013. Contribute award-winning articles, essays, data visualizations, and reviews to magazines and newspapers. Consultant for television series, museum exhibits, and web sites.

Senior Editor, *Discover*

September 1994-February 1999

Wrote award-winning features and news articles for leading general-interest science magazine. Edited features and columns by both journalists and leading scientists. Generated ideas and assigned articles. Consulted on creation of the magazine's web site, and a television series on the Discovery Channel based on the magazine.

Associate Editor, *Discover*

August 1991-September 1994

Researcher/Reporter, *Discover*

September 1989-August 1991

## 2 Carl Zimmer CV

### EDUCATION

Yale University

B.A. in English, magna cum laude, with distinction in the major, 1987

### FELLOWSHIPS

Alfred P. Sloan Foundation Grant for Public Understanding of Science and Technology, 2022

Alfred P. Sloan Foundation Grant for Public Understanding of Science and Technology, 2020

Alfred P. Sloan Foundation Grant for Public Understanding of Science and Technology, 2017

Osher Fellowship, California Academy of Sciences, 2014

Poynter Fellowship, Yale. Invited speaker, Molecular Biophysics and Biochemistry, 2010

Alfred P. Sloan Foundation Grant for Public Understanding of Science and Technology, 2006

Poynter Fellowship, Yale University, 2005. Invited speaker, Psychology.

John Simon Guggenheim Memorial Foundation Fellowship, 2002

### HONORS

Pulitzer Prize, 2021 (Contributed coverage of the Covid-19 pandemic that won the *New York Times* the Pulitzer Prize in Public Service)

Online Journalism Award, General Excellence, 2021 (Awarded to *The New York Times* for a package of projects including the coronavirus vaccine tracker)

Society for News Design Award of Excellence, 2021 (Features and Single Graphics)

#### Awards for *Life's Edge* (2021)

*New York Times Book Review* Notable Book of the Year

PEN/E.O. Wilson Literary Science Writing Prize, Finalist

Best Books of 2021, *Library Journal*, *Science News*, *Smithsonian*

#### Awards for *A Planet of Viruses* (Third edition, 2021)

Smart Book of the Year 2022 (For books published in Poland, awarded by Jagiellonian University)

*Choice* Outstanding Academic Title, (For second edition, 2016)

#### Awards for *She Has Her Mother's Laugh* (2018)

National Academies of Sciences, Engineering, and Medicine Communication Award

*The Guardian* Best Science Book of the Year

*New York Times Book Review* Notable Book of the Year

National Association of Science Writers Science in Society Award

PEN/EO Wilson Literary Science Writing Award, Finalist

Baillie-Gifford Prize for Nonfiction, Shortlist

Ten Best Books of the Year, *Publisher's Weekly*

Amazon Best Science Books of the Year

Amazon Top 100 Books of the Year

Top Nonfiction Books of 2018, *Kirkus Reviews*

Best Books of 2018, *Smithsonian*

Best Books of 2018, *Prospect*

*The Times* Science Books of 2018

#### Additional awards

Online Journalism Award (explanatory reporting, for “Game of Genomes,” *Stat*), 2017

### 3 Carl Zimmer CV

Finalist, National Magazine Award (Video, for “Science Happens,” *Stat*), 2017  
The Stephen Jay Gould Prize, 2016 (Awarded by the Society for the Study of Evolution)  
National Association of Biology Teachers Distinguished Service Award, 2015  
AAAS Kavli Journalism Award, 2012 (for articles in *The New York Times*)  
Byron H. Waksman Award for Excellence in Public Communication of Life Sciences, 2012  
Choice Outstanding Academic Title, 2010 (for *The Tangled Bank*)  
AAAS Kavli Journalism Award, 2009 (for articles in *The New York Times*)  
Transforming Lives Through Science Journalism Award, 2009 (SUNY Downstate)  
Finalist, Los Angeles Times Science Book Prize, 2009 (for *Microcosm*)  
John Wesley Powell Memorial Lecture, Invited Speaker, AAAS-SWARM, 2009  
Longlisted for the 2008 Royal Society Prize for Science Books (for *Microcosm*)  
*New York Times* Publisher’s Award, November, 2008  
National Academies of Sciences, Engineering, and Medicine Communication Award, 2007 (for articles for *The New York Times*)  
*Scientific American’s* Science and Technology Web Awards, 2005 (for *The Loom*)  
National Academies Communication Award, finalist, 2005.  
*New York Times Book Review* Notable Book of the Year, 2004 (for *Soul Made Flesh*)  
AAAS Science Journalism Award, 2004 (for *The Loom*)  
Best Books of 2004, Top Ten Editor’s Picks: Science, Amazon.com (for *Soul Made Flesh*)  
Best Books of 2002, *New Scientist* (for *Evolution: The Triumph of an Idea*)  
Best Books of 2001, *Discover* (for *Evolution: The Triumph of an Idea*)  
Pan-American Health Organization Award for Excellence in Health Reporting, 1999  
American Institute of Biological Sciences Media Award, 1997  
Everett Clark Award, for science journalism, 1994  
Editor's Fiction Award, *Columbia: A Magazine of Poetry and Prose*, 1989

### **PUBLISHED WORK**

Books (<https://carlzimmer.com/books/>)

*Air-Borne: The Hidden History of the Life We Breathe*. Dutton, February 2025. Picador UK, June 2025. A history of life and death in the air, from Covid to the clouds. Serial rights, *New York Times*, *Smithsonian*, *Newsweek*, *Nautilus*.

*Evolution: Making Sense of Life*. Macmillan. Fourth edition to be published Fall 2025. Co-authored with evolutionary biologist Douglas Emlen. A lavishly illustrated, up-to-date textbook about evolution, intended for biology majors, used in 400 courses.

*The Best American Science and Nature Writing 2023*. Harper Collins. Served as editor and wrote an introduction.

*Life’s Edge: The Search for What It Means to Be Alive*. Dutton, 2021. Also published in UK, China, Japan, Poland, Russia, South Korea, Taiwan, Turkey, Ukraine. Excerpts and adaptations appeared in *The New York Times* Sunday Review (front page), *Quanta*, and *Slate*. A *New York Times Book Review* Notable Book of the Year. PEN/E.O. Wilson Literary Science Writing Prize, Finalist. Best Books of 2021, *Library Journal*, *Science News*, *Smithsonian*.

*She Has Her Mother’s Laugh: The Powers, Perversions, and Potential of Heredity*. Dutton, 2018. Also published in UK, Australia, China, Korea, the Netherlands, Poland, Russia, and Turkey. National Academies Communication Award. National Association of Science Writers Science in Society Award. Best Science Book of the Year, *The Guardian*. *New York Times Book Review* Notable Book of the Year. Ten Best Books of the Year, *Publisher’s Weekly*. Top Nonfiction Books of the Year, *Kirkus Reviews*. Best Science Books of 2018, *The Times*. Best Books of the Year, *Smithsonian*. Best Books of 2018, *Prospect*. Amazon Best Science Books of the Year, 2018. Amazon Top 100 Books of the Year. Baillie-Gifford Prize for Nonfiction, 2018 Shortlist. PEN/E.O. Wilson Literary Science

## 4 Carl Zimmer CV

Writing Award, Finalist. Best non-fiction books of summer 2018, *Vanity Fair*. A *New York Times Book Review* Editors' Choice. Amazon's Best Books of May 2018.

*A Planet of Viruses*. University of Chicago Press. First edition, 2011; second edition 2015, third edition 2021. Also published in China, Estonia, France, Hungary, Italy, Japan, Korea, Poland, Portugal, Romania, Russia, Slovakia, Slovenia, Spain, and Turkey. Based on a National Institutes of Health-funded project to educate students about new research in virology. *Booklist* Editor's Choice 2011, *Choice* Outstanding Academic Title 2016, Smart Book Awards Main Prize (Jagiellonian University & Euclid Foundation) 2021.

*The Tangled Bank: An Introduction to Evolution*. Macmillan. Second edition, 2013. The first non-majors textbook on evolution. Also published in France, Italy, and Japan. Excerpted in *The New York Academy of Science Magazine*, *Discover*, and NOVA Online. First edition selected as a *Choice* Outstanding Academic Title for 2010.

*Brain Cuttings: Further Explorations of the Mind*. Scott & Nix, 2011. An ebook collection of articles about the brain.

*Science Ink: Tattoos of the Science Obsessed*. Sterling, 2011. Introduction by Mary Roach. A collection of tattoos from scientists, and the stories behind them. Starred review in *Publisher's Weekly*. Featured in *The Wall Street Journal*, *The New York Times*, *The Huffington Post*, *National Public Radio*, *The Guardian*, PBS Newshour, *The Toronto Star*, *Der Spiegel*, *The Irish Times*, *New Scientist*, and MSNBC.

*Brain Cuttings: Fifteen Explorations of the Mind*. Scott & Nix, 2010. An ebook collection of articles about the brain. Featured on MSNBC, *The Atlantic*, and *Public Library of Science*.

*Microcosm: E. coli and the New Science of Life*. Pantheon, 2008. A natural (and unnatural) history of *Escherichia coli*. Also published in UK, Japan, Korea, and China. Longlisted for the 2008 Royal Society Prize for Science Books. Finalist for the 2009 *Los Angeles Times* Science Book Prize. Selected as one of the best books of the year by *Granta*, *Seed*, and *Cleveland Plain-Dealer*. Top Ten Editor's Picks: Science, Amazon.com. Best Sci-Tech Books, 2008, *Library Journal*. Serial rights, *New York Times*.

*The Descent of Man: The Concise Edition*. Dutton, 2007. With a foreword by primatologist Frans de Waal. An edited selection of excerpts from Darwin's classic book on human evolution with extensive commentary.

*Smithsonian Intimate Guide to Human Origins*. Smithsonian Books, 2005. A lavishly illustrated overview of human evolution. Also published in Germany, the Netherlands, Denmark, and Australia.

*Soul Made Flesh: The Discovery of the Brain and How It Changed the World*. Free Press/Simon & Schuster, 2004. Also published in UK, Japan, Germany, Sweden, the Netherlands, Czech Republic, Brazil, and Korea. A *New York Times Book Review* Notable Book of the Year, 2004; Best Books of 2004, Top Ten Editor's Picks: Science, Amazon.com.

*Evolution: The Triumph of an Idea*. Harper Collins, 2001. Reissued with a new introduction, 2006. A companion volume to a major public television series. Also published in UK, Japan, China, Korea, Brazil, the Netherlands, and Australia. Alternate selection for Book of the Month Club, Quality Paperback Book Club, History Book Club, Library of Science Book Club, and Natural Science Book Club. Main Selection, the Softback Preview (UK). Named one of the best books of 2001 by *Discover*. British edition named one of the best books of 2002 by *New Scientist*.

*Parasite Rex: Inside the Bizarre World of Nature's Most Dangerous Creatures*. Free Press/Simon & Schuster, 2000. Reissued with a new epilogue, February 2011. Also published in Germany, the Netherlands, Czech Republic, Australia, Japan, Korea, and Spain. Serial rights, *Discover* and *Natural History*, 2000. Named one of *Library Journal's* top science books of 2000. Books for the Teen Age, New York Public Library, 2001.

## 5 Carl Zimmer CV

*At the Water's Edge: Macroevolution and the Transformation of Life*. Free Press/Simon & Schuster, 1998. Also published by UK, Germany, Japan, the Netherlands, Taiwan, Brazil, Poland. First serial rights, Discover, 1998. Named one of the best science books of 1998 by *Library Journal*.

*The Journey of Man: A Genetic Odyssey*, by Spencer Wells. *New York Times Book Review*, March 12, 2003.  
*Darwin: The Power of Place*, by Janet Browne. *Newsday*, September 22, 2002.  
*Mapping Human History* by Steve Olson and *The Molecule Hunt*, by Martin Jones. *Discover*, July 2002  
*Digital Biology: How Nature is Transforming Technology and Our Lives*, by Peter J. Bentley. *New York Times Book Review*, March 10, 2002.  
*A Gap in Nature*, by Tim Flannery, *Discover*, January 2002  
*Aquagenesis: The Origin and Evolution of Life in the Ocean*, by Richard Ellis. *New York Times Book Review*, October 14, 2001.  
*Terrible Lizard*, by Deborah Cadbury, and *The Dragon Seekers*, by Christopher MacGowan. *Scientific American*, June 2001.  
*The Evolution Explosion*, by Stephen R. Palumbi. *New York Times Book Review*, May 27, 2001.  
*Betrayal of Trust: The Collapse of Global Public Health*, by Laurie Garrett. *Newsday*, August 20, 2000.  
*What Remains to Be Discovered*, by John Maddox. *Nature*, November 12, 1998.

### Textbook Contributions

*Biology*, by Neil Campbell (7th edition). Benjamin Cummings, 2005. Wrote the “Diversity” unit.

### Trade Book Contributions

*Alice and Bob Meet the Wall of Fire: The Biggest Ideas in Science from Quanta*. MIT Press, 2018. Edited by Thomas Lin.  
*Virus: An Illustrated Guide*. Princeton University Press, 2016. Introduction to book by virologist Marilyn Roossinck.  
*Feathers: Displays of Brilliant Plumage*. Chronicle Books, 2016. Introduction to book by photographer Robert Clark.  
*The Oldest Things in the World*, University of Chicago Press, 2014. Introduction to a book by photographer Rachel Sussman.  
*Earth Before Dinosaurs*. Indiana University Press, 2013. Foreword to English translation.

## 7 Carl Zimmer CV

*The Princeton Guide to Evolution*. Princeton University Press, 2013. Chapter on evolution in media.  
*In Light of Evolution: Essays from the Laboratory and the Field*. Roberts and Company Publishers, 2010. Chapter on experimental evolution.  
*T. Rex and the Crater of Doom*, by Walter Alvarez. Princeton University Press, 2009. Foreword.  
*Seventy Mysteries of the Natural World*, Edited by Michael Benton. Thames and Hudson, 2009. Chapter on evidence for evolution.  
*Best of the Brain from Scientific American: Mind, Matter, and Tomorrow's Brain*. Dana Press, 2007.  
*Dictionary of the History of Ideas*. Charles Scribner's Sons, 2005. Entry on "Mind."  
*A Field Guide for Science Writers*. (Second edition). Oxford University Press, 2005. Chapter on writing books.  
*Insect Symbiosis*. Edited by Thomas Miller and Kostas Bourzitis. CRC Press, 2003. Preface.  
*The Greatest Inventions of the Past 2,000 Years: Today's Leading Thinkers Choose the Inventions That Shaped Our World*. Edited by John Brockman. New York: Simon & Schuster, 2000.

### Podcasts

"What Is Life?" ([carlzimmer.com/podcasts/](http://carlzimmer.com/podcasts/)) 2019. An eight-episode podcast based on a series of live conversations with experts on the origin and nature of life. Supported by the Simons Foundation.

"Meet the Scientist." ([microbeworld.org/mts](http://microbeworld.org/mts)) September 2009-December 2010. Hosted a bi-weekly podcast for the American Society for Microbiology.

### Television & Video

"The Code." April 2018. Special correspondent for a three-part video series about genetics. Produced by Retro Report, published by Stat. [retroreport.org/series/the-code/](http://retroreport.org/series/the-code/)

"Science Happens." November 2015-September 2017. A series of videos about cutting-edge biomedical research, published on Stat. A National Magazine Award finalist.

TED-Ed 2013-2014. Created two animated videos, "How Did Feathers Evolve?" and "Where Do Genes Come From?" Both have been viewed over 800,000 times.

Tangled Bank Studios. Science consultant, 2012-2017. Advisor to film production company founded by the Howard Hughes Medical Institution. Developed award-winning science programming, consulted on productions for major network broadcasts, reviewed scripts for scientific accuracy.

"Curiosity." 2011. Science advisor to a major television series about the great questions of life, produced by the Discovery Channel. Develop scripts, evaluate scientific importance and accuracy of content, consult with web site developers.

"Evolve." 2008. Scientific editor on a multi-part science series on the History Channel.

### Online Writing

"The Loom" ([carlzimmer.com/category/blog/](http://carlzimmer.com/category/blog/)) Launched September 2003, hosted by *Discover* 2008-2012 and *National Geographic* 2012-2017. Write an award-winning blog on new developments in evolutionary biology, biotechnology, neurology, and related fields. Awarded the AAAS Online Journalism Award and *Scientific American's* Science and Technology Web Awards. Named one of the top five science blogs on the Internet by *Nature*. Linked by Arts & Letters Daily, MSNBC.com, Slashdot, Metafilter, Daily Dish, etc.

## 8 Carl Zimmer CV

“Download the Universe” ([downloadtheuniverse.com](http://downloadtheuniverse.com)) 2012-2014. An online science e-book review. Published two to three new titles each week, along with interviews, essays, and roundtable discussions on advances in digital publishing. Oversees work from twelve regular contributors. Covered by *The Atlantic*, *Endgadget*, *New Scientist*, *American Scientist*, *ReadWriteWeb*, and *Arts & Letters Daily*.

“Understanding Evolution” ([evolution.berkeley.edu](http://evolution.berkeley.edu)) Launched 2004. Wrote a 25-part history of biology for University of California-based web site intended to serve as the definitive site for web-based information on evolution for K-12 teachers and students. Funded by the National Science Foundation and the Howard Hughes Medical Foundation.

### Museum Projects

Exploring Evolution. Opened Fall 2005 Wrote legends for National Science Foundation-funded exhibit on current research in evolutionary biology and contributed to companion book. Appeared at eight state science museums. [explore-evolution.unl.edu/index.html](http://explore-evolution.unl.edu/index.html)

## **TEACHING**

Yale University, 2022-present. Board Member, Yale Journalism Initiative. Coordinate bringing speakers to campus and advise on programs designed for undergraduates interested in careers in journalism.

Yale University, 2016-present Professor Adjunct, Yale University, Department of Molecular Biophysics and Biochemistry. Teach an upper-level seminar on writing about science, medicine and the environment. -teach a 200-student lecture course for biology non-majors, “Biology, the World, and Us.”

Yale University, 2009-2015. Lecturer, Environmental Studies & English Department. Taught an upper-level seminar on writing about science and the environment.

Yale University, 2006-present. Teach an annual workshop for science graduate students on writing about science for the public.

New York University's Arthur L. Carter Journalism Institute, 2009-2011. Visiting Scholar at the Science, Health, and Environment Reporting Program.

Cornell University, 2009-2010. Taught a week-long college-credit summer course on science writing at Shoals Marine Laboratory (Cornell University).

Guest speaker, 2002-present. Columbia School of Journalism, Yale University (Department of Psychology, Department of Biophysics and Biochemistry), MIT Writing Program, Knight-Ridder Fellows (MIT/Harvard), New York University School of Journalism, Johns Hopkins School of Journalism, Boston University School of Journalism, Princeton University, Cornell University, University of British Columbia School of Journalism, etc.

## **SELECTED RADIO, PODCAST, AND TELEVISION APPEARANCES**

The Daily (*New York Times*): May 2024, January 2024, January 2022, December 2021, November 2021, July 2021, March 2021, November 2020, March 2020, December 2018, August 2017

Radiolab: April 2020, February 2017, July 2015, June 2015, December 2014, October 2014, November 2012, April 2012, November 2011, October 2011, December 2010, September 2009, June 2009

Fresh Air: June 2018, April 2012, February 2004

## 9 Carl Zimmer CV

### Additional appearances:

PBS Newshour, October 2024  
To the Best of Our Knowledge (Public Radio International), August 2024  
Science Friday (NPR), April 2021  
Quirks and Quarks (CBC), April 2021  
On Point (NPR), April 2021  
Morning Joe (MSNBC), March 2021  
The Vaccine: Conquering Covid (The Discovery Channel), February 2021  
PBS ("Decoding Watson," American Masters documentary on James Watson), January 2019  
BBC World Service, September 2018  
Book TV, July 2018  
Science Friday, July 2018  
Discovery Channel TV (Invisible Killers), March 2018  
BBC World Service, July 2017  
Here and Now (National Public Radio), July 13, 2016  
On Point, April 28, 2015  
Radio Times (National Public Radio), October 15, 2014

Yale University Book Talk, April 9, 2025  
St. Louis Library Favorite Author Series, February 27, 2025  
Harvard Science Book Talk, February 26, 2025  
92NY, February 25, 2025  
Genoa Festival of Science, November 1, 2024.  
New York University. The 2023 Darwin Lecture. March 20, 2023  
University of Idaho, Oppenheimer Ethics Symposium Lecture, April 2022  
Franke Program in Science and the Humanities Distinguished Speaker Series, Yale University, March 2022  
Charleston Literary Festival, November 2021  
Brooklyn Book Festival, October 2021  
The Royal Institution, August 2021  
Atlas Obscura, July 2021 (“The Meaning of Life,” a three-part online presentation)  
Aspen Ideas Festival, June 2021  
Science Journalist in Residence, University of Florida, February 2021  
Charleston to Charleston Literary Festival, November 2020  
National Academy of Sciences Annual Meeting, Book and Author Talk, April 26, 2020  
Los Angeles Library Foundation, Aloud Series, February 2020  
Vanderbilt University, Chancellor’s Lecture Series, December 2019  
Charleston to Charleston Literary Festival, November 2019  
Arts & Ideas, JCCF San Francisco, October 2019  
Smithsonian Institution, September 2019  
Decatur Book Festival, September 2019  
University of Illinois, Thomas M. Siebel Lecture Series in Science and Society, March 2019  
AAAS Topic Lecture, Washington DC, February 2019  
Harvard Museum of Natural History, in conversation with author David Quammen, February 2019  
ETH Zurich, December 2018  
Mount Holyoke College, October 2018  
Colorado State University, Murray Honors Visiting Scholar Lecture, October 2018  
Denver Museum of Nature and Science, June 2018 (Broadcast on BookTV/C-SPAN)  
Aspen Ideas Festival, June 2018  
World Science Festival, June 2018  
Columbia University School of Journalism, May 2018  
Society for Integrative and Comparative Biology, Plenary Lecture, January 2018  
Distinguished Lecture in Virology, University of Oxford, November 2017  
Aspen Ideas Festival, June 2017  
Brooklyn Book Festival, September 18, 2016  
National Society of Genetics Counselor Annual Education Conference, Keynote Speaker, October 24, 2015  
National Affairs Lecture Series, Iowa State University, September 17, 2015  
Festival Centro Historico, Mexico City, March 31, 2015  
Osher Fellow Lecture, California Academy of Sciences, November 6, 2014  
New Haven Arts & Ideas Festivals, June 26, 2014  
Lee Hellman Lecture, University of Maryland, April 30, 2014  
Director’s Series Lecture, Harvard University, Arnold Arboretum, March 24, 2014  
Rochester Arts & Lectures Series, March 20, 2014

## 11 Carl Zimmer CV

York Distinguished Lecture, Auburn University, February 25, 2014  
The Flexner Discovery Lecture, Vanderbilt University, October 3, 2013  
Association of Medical Illustrators, Keynote Lecture, June 20, 2013  
TEDYouth, New York, November 17, 2012  
International Conference on Systems Biology, Keynote Lecture, Toronto, August 20, 2012  
Society for the Preservation of Natural History Collections, Keynote Lecture, Yale, June 11, 2012  
Genomics of Energy and the Environment, Keynote Lecture, March 22, 2012  
Tucson Festival of Books, March 11, 2012  
Philadelphia Science Festival, April 29, 2012  
U.S. Science & Engineering Festival, April 28, 2012  
New York Academy of Sciences, January 24, 2012  
Harvard Museum of Natural History, December 13, 2011  
“Science on Screen,” Coolidge Theatre, Brookline, MA, December 12, 2011  
O.C. Marsh Fellows Program, Yale University, November 15, 2011  
“Viral Time.” The Long Now Foundation, San Francisco CA, June 6, 2011.  
World Science Festival, New York, June 2-3, 2011  
Joint Summits on Translational Science, Keynote lecture, San Francisco. March 8, 2011  
Provost Lecture Series, Stony Brook University, February 11, 2011  
Yale Medical School, December 16, 2010  
Koshland Science Museum, Washington DC. October 14, 2010  
World Science Festival, New York, June 2010  
President’s Forum, American Society for Microbiology, May 25, 2010  
Massachusetts Academy of Sciences Annual Meeting, Keynote Speaker, April 17, 2010  
Beaty Museum Biodiversity Lecture, Vancouver, November 18, 2008  
Cornell University, November 14, 2009  
Peabody Museum, Yale University, November 12, 2009  
Caltech, November 1, 2009  
Stevens Institute of Technology, Hoboken NJ, September 18, 2009  
Northeast Conference on Science and Skepticism, September 12, 2009  
World Science Festival, June 12, 2009  
Brown University, March 16, 2009  
University of California, Santa Barbara, March 12, 2009  
North Carolina State Museum of Natural Science, February 14, 2009  
Rockefeller University, December 4, 2008  
Chautauqua Institution, Public Lecture, August 19, 2008  
Field Museum, Chicago, May 18, 2008  
Microsoft Research, June 3, 2008  
Town Hall, Seattle, June 3, 2008  
Zocalo Festival, Los Angeles, June 25, 2008  
World Science Festival, May 31, 2008  
SUNY Downstate Medical Center, May 20, 2008, Public Lecture  
University of Denver, April 15, 2008, Public Lecture  
Mote Marine Laboratory, Public Lecture, March 10, 2008  
University of Nebraska, February 2008  
Rome Science Festival, January 17, 2008  
Southern Utah University, Eccles Visiting Scholar, March 24-26, 2007  
New York University School of Journalism, February 27, 2007  
Western State College, Gunnison, Colorado, Public Lecture, February 13, 2007  
Cornell University, University Lecture, November 8, 2006  
University of Notre Dame, GLOBES Inaugural Seminar, September 21, 2006  
International Conference on Research in Computational Molecular Biology, Venice. Keynote. April 4, 2006  
Princeton University, Biology Department Seminar  
Johns Hopkins University, January 26, 2006

## 12 Carl Zimmer CV

American Anthropology Association, Executive Panel on Evolution, December 3, 2005  
Yale School of Medicine, October 6, 2005  
Swarthmore College, September 28, 2005  
National Undergraduate Bioethics Conference, Keynote speaker, April 1, 2005  
Joseph Carroll University, Cleveland, September 21, 2004  
Brown University, May 6, 2004  
Museum of Science and Technology, Oxford University, April 2004  
Virginia Book Festival, March 25-26, 2004  
American Society for Bioethics and Humanities, San Antonio, Texas, March 12, 2004. Invited plenary session speaker, "Medicine and Media"  
University of Tennessee, Knoxville, March 4, 2004  
Stanford University Center for Biomedical Ethics and the Stanford Brain Research Institute, February 23, 2004 (Broadcast on BookTV/C-SPAN)
